The Key

1967

Dear Miss Thurston,

Though I know you, it seems as if you must know your self better than I can. I am a total stranger to you, but I am a real and truly person with a marvelous personality (as I think) & I want to wish you all the luck in the world, in the future. We are to be, relatives you know, in a way, for I am the brother of Miss Ruth Lord, the girl who is to be your room mate at the high school. Also I am a friend of Miss Lord's & I like her very much. So may God bless you

Yours truly,

Paul Jean Wise

A bell clangs

And a thousand faces hurry past

Filling the air

With flying words

The sounds of life and youth.

Another bell

And stillness

With the faint echoing

Of rythmic typing clicks

Of voices reassuring

The sounds of patience and dedication.

WILLARD A. SABIN
Principal

Some will say that achievement brings its own reward to those who set their sights upon worthy goals and ambitions. I subscribe to this. I further believe that congratulations are merited by everyone who has steadfastly devoted himself during these school years so that graduation is now earned. May these congratulations also include the trust that your future reflect this devotion and be a happy one because you were here.

Willard A. Sabin

Principal

To each member of the Class of 1967,

In the current musical show, "Man of LaMancha," Don Quixote sings these words describing his quest.

"And the world will be better for this;
That one man, scorned and covered with scars,
Still strove with his last ounce of courage
To reach the unreachable stars."

As each of you now leaves high school and takes the next step of your personal quest, I hope that you have the training and the vision to strive "to right the unrightable wrong" and "to reach the unreachable star." Yours is the generation in which these things may be accomplished.

My very best wishes go with you on your journey.

Alma Mater

Oh, Franklin High, we praise thee,
Whose precepts onward lead.
Thy noble works and high ideals
Will form our daily creed.
Within thy walls we work and play,
And friendships grow each passing day.
Our hopes and aims will always be,
To laud and honor thee.

Our President Speaks . . .

Well Seniors, another year has flown by and all of us are eagerly looking forward to the future. It seems that we can cast aside these five long years so easily; yet they have been such an important part of one of the finer episodes of our lives. Within Franklin's walls, we have learned, we have grown, and we have matured from those frightened eighth graders to young adults. As we leave, let us remember to express our appreciation to Franklin. Good luck Seniors, and thanks, Franklin.

Gary Centola

Last Will and Testament

We, the members of the underrated class of 1967 of Benjamin Franklin High School, being of sound arm and leg, do hereby bequeath to our successors and survivors the following advice. As we pass through these portals of education (and it was *some* education) to walk in more knowing ways, we leave the following remembrances to those who just don't know any better . . .

To Mr. Bukowski we leave a telephone booth with shades so he can change into Peter Panski.

To Dr. Schwartz we leave a round hole and a square peg.

To Miss Covington we leave a solution to the drop-in problem.

To Mr. Wesley we leave an ejection seat for the Driver's Education Car.

To Mrs. Jung we leave a pass for two free dinners at Don Drysdale's.

To Mr. Gebauer we leave a remake of *David Copperfield* in which Andy Warhol beats the dickens out of Freddie Bartholomew.

To Mr. Cohen we leave the "Ham of the Year" award.

To Mr. Glossner we leave an oil can and a yellow brick road to follow.

We leave the ants some aqua-lungs to use in the drinking fountains.

Any cockroaches discovered at Junto meetings are hereby granted Congressional immunity from Raid.

To Mr. Reeve we donate combination locks for the lab drawers.

To Miss Frankel we leave a new, progressive, coed hygiene class with supplementary lab periods.

To Mr. Lomio we leave a long and gay life.

To Dean Martens we leave a bottle of Scotch.

To Mr. MacConnell we leave a Mia Farrow haircut.

To Mrs. Nolfi we leave eight cases of "No-Dozos" for her Senior Spanish I and II class.

To Mr. Allen we leave a beanstalk so that he may return whence he came.

We leave Miss Rowley 75,000 eccentric poses to use in class.

The Boys' Gym Department is awarded gold-plated darning needles for mending the boys' swim suits.

To Mrs. Kelly we leave nerve pills to take before and after her drama and dramatic literature classes.

To Mr. Migliore we leave assistants to aid him during the ticket rush.

To Mr. Scheuermann we leave a life membership in the Mafia.

To Miss Streb we leave the 200 extra kids who showed up for the Spirit Committee picture.

To Miss Fierro we leave a Venus Man-Trap and a copy of "How To Boil Water in Forty Easy Lessons."

To Mrs. Scrivens we leave a dictionary in which she will find the pronunciation of "Eye-tal-yin."

We leave for Mr. Torre a homeroom with girls in it.

For Mr. Heidenreich, our Vice-Principal, we leave a few of our principal vices.

For Mr. Sabin, we leave.
And now a word:

To next year's Eighth Graders: Things go better with Milk.

To next year's Freshmen: Things go better with Kool-Aid.

To next year's Sophomores: Things go better with Coke.

To next year's Juniors: Things go better with Booze.

To next year's Seniors: Face it—Things go better with A.A.

All the above signed, sealed, and sworn at on this fourth day of February, nineteen hundred and sixty-seven, by the Senior Class of 1967.

I. Matties, A. Szabo, W. Eggert, A. Schafer, M. Winneck, P. Babusci, F. Cirrin.

SENIORS...

...in Action!

A Few Thoughts to Ponder ...

Tell me not, in mournful numbers,
Life is but an empty dream! —
For the soul is dead that slumbers
And things are not what they seem.

Life is real! Life is earnest!
And the grave is not its goal;
Dust thou art, to dust returnest,
Was not spoken of the soul.

Let us, then, be up and doing,
With a heart for any fate;
Still achieving, still pursuing,
Learn to labor and to wait.

(Henry Wadsworth Longfellow)

To those of us graduating, the five years we have spent in high school have constituted practically one-third of our lives. They have not been easy years either emotionally or academically. Yet now we stand on the threshhold of an even more difficult stage of life — adulthood — with even more responsibilities and problems. Let us, nevertheless, meet the future with enthusiasm, confident in the knowledge that our high school years have helped to prepare us for the demands of the future.

STUDENT GOVERNMENT

Does Franklin have the perfect student government? Of course not! You would need perfect students for that, and who has them?

What we do have is an eager group of workers who have decided that a Student Association can be more than a sleeping giant. The results of their efforts are evident — Student Exchange, Athletic Commission, and Franklin Day to name a few. I wish to salute these students.

Dances? Yes, they are gone; but nobody seems to care. We have moved beyond them. They are of no use to anyone; change has seen to that. Not having to worry about a multitude of social functions has left the Student Association free to concentrate on more important problems.

My greatest hope for our student government is that Franklinites can realize the true meaning of a Student *Association*.

Within our *Association* of 2,000 lies a wealth of talent. It may not be the best looking, or the best dressed, or put on the most airs, but it has a tremendous potential. When we can realize the extent of the potential, we will be ready for a big new step forward.

"Our Business Is Youth"

As health and physical educators, our responsibility is to help prepare young men and women in making necessary decisions relating to their health and to the development of their *innate* physical ability. The ultimate goal can be obtained most effectively through practical needs of students.

Our program must be personally meaningful. It must, therefore, become behavior-centered to insure that an individual will gain most from life. We feel that health and physical instruction must be directed toward three basic purposes:

1. The establishment of practices or habits essential for good health.
2. The training in control and in the use and knowledge of emotions with reference to standards and ideals of character and conduct.
3. The development of organic power and neuromuscular skill to resist fatigue and increase cardiovascular and reaction efficiency.

It is hoped that our expanding physical education program has enriched each boy's and girl's life and perhaps stimulated an interest that will give future enjoyment and aid towards the ever important fitness.

Mr. Dunn

Moments We Remember

Do you remember?

Terry Jackson's two hand set that swished the net and gave Franklin the only victory achieved against East High March 4, 1966.

Franklin's soccer record in 1964-1965 of 21-1-1 which included Andre Sluk as city scoring leader two years straight and Rick Cohen's seven shut outs in eight games.

On October 1, 1965 when our Cross Country team was left out of its first meet because the bus came an hour late.

Bob Morrill wrestling at 154 lbs. defeated his opponent 24-0, and John Turner finished his high school wrestling career with a record of 55-4-0.

In April 1965 our Track team defeated Marshall 95-9 while taking first place in every event.

Chuck Miller, a highly touted defense man on Franklin's Lacrosse team charged down field twice and scored goals on both occasions in Franklin's 12-2 victory over Marshall.

Hat Nicolaus breaking the school 200 yd. free style record in 2:23 then improving his own record with times of 2:21.8 and finally 2:19.9.

Elton Armstrong held the city 50 yd. freestyle record for 15 minutes before being beaten out by just one tenth of a second.

In 1964 the Franklin Football machine rolled up 140 points in three weeks including a 53-0 victory over East High.

What Cheerleading Means

As an individual who has experienced the honor of being a cheerleader, I can truly say it's been fun.

Being a cheerleader is not just the minor fact of putting on a uniform and walking around in it or jumping and doing a few motions on the floor, although this is a small part of it. Ambition and loyalty are the two most important qualities a cheerleader acquires in becoming a success. Loyalty to her squad, school, and team, with the ambition in the desire for achievement.

Cheerleading is an honor and indeed a great privilege to represent your school and fellow students. For you have a duty to lead your team on to victory and to set an example for your classmates.

As cheerleader, you meet a lot of people and the impression you make on them is also the impression of your fellow students and school. Cheerleading means fun, hard work and devotion. I only hope that the spirit will be carried on throughout the years of Big Ben Franklin.

THE COACH'S CORNER

After only two seasons of existence at Franklin—the new sport of Lacrosse has caught on wonderfully with the boys who have been working hard to team the sport.

The team playing an eleven game slate for the first time, finished with a fine 5-6 record with the outstanding accomplishments of beating the Irondequoit J.V., one of the best in their class, 6-5 and two other city teams, Marshall and West twice.

Seniors who contributed a great deal to our success were: Craig Masterson, Bob Momill, Lomack Neal, Ken Leavitt, Ray Arieno and Mark Scalzo. Underclassmen who lettered were Leon Szmedra, John Schnidman, James Curry, Rich Dobosz, Charlie Miller, Andrew Carter, Tom Plamer, James Peterson and Lawrence Bolton.

This particular sport is a tough, rough, aggressive sport that takes a fine athlete of special caliber to perform.

The '67 season looks like it could be a fine one if we can continue to get a large number of new boys to try this fine new sport.

THE COACH'S CORNER

This year's championship team has brought Franklin back to its past course of leveling the city schools in Cross Country.

One great factor helping us to regain the championship this year was the enormous depth within the team. Seven boys jockied for the "top five" spots all year, with the finishing order changing almost weekly. Two regulars among the "top five" were Frank Schnidman and Heinz Kepplinger.

High points of the season were: in the West-Charlotte meet; seven of the first ten runners out of the woods and along the last half mile straight away were Franklin boys. Frank Schnidman won the West-Charlotte meet to become the first Franklin runner in five years to place first; Heinz Kepplinger set a school course record of 12:02 against Madison-Marshall; the 26-30 downing of East for the city championship; George Monroe's runaway victory in the reserve race; and my "dip" in the Cobbs Hill pond to celebrate our victory.

I want to express my thanks to those seniors who ran for us for the last time: Heinz Kepplinger, Richard Reitz, John Schnidman, Gary Centola (Big C), Mike Waida, Allan Baskin, and a very special and sincere vote of thanks to our two year's Varsity captain, Frank Schnidman, whose enthusiasm and continuous drive has helped bring the team from 8th place to city champs.

THE COACH'S CORNER

The obstacle of serious injury plagued the football team early in the season. Season long injuries to Gil Robinson and Frank Colquitt plus the inexperience on defense caused the Quakers once again to get off to a slow start.

After a win, loss, and tie, the club finally settled down to some fine football and won the last five games.

The fine success of the season was accomplished by the excellent play of seniors — Co-Captains Art Henderson and Steve Mazza, plus Leon Szmedra, Charles Miller, Archie Mathis, Charlie Bond, James Curry, Mike Flynn and Dan Hollis.

Underclassmen who lettered and are anxiously awaiting the fall of 1967 are: John Blackwell, Willie McNair, Felton Coley, Paul Noto, Eddie Miller, Ralph Antrita, Forest Slater, Bruce Beamen and Walt Nekrotiuk.

Once again it was a pleasure and a joy to work with such fine athletes who possess such qualities of desire to win and self-sacrifice to work hard — which brought about another excellent football season.

THE COACH'S CORNER

Franklin's 1966 entry in the Inter-Scholastic Soccer League enjoyed a very successful season. Although an 8-3 won-lost record does not exemplify outstanding success, the experienced gained and the lessons learned wholly justify any deficiency in the won column.

On the road to this successful campaign, there were boys who displayed outstanding ability. Five of these boys were so skillful that they were voted to the Inter-Scholastic Soccer League All-Star team. While two of these boys, Jerry Geschwind and Vince Gatto will not be returning next year, Rick Cohen, Ainis Auzans, and John Santoliari will combine to form an excellent nucleus around which another fine soccer team may be built. Also returning next year is Fernando Cedeno, who performed yeoman tasks while receiving little "outside" recognition.

No season is ever really successful unless the boys, as a team as well as individually, gain something of value. This year the boys learned the meaning and value of team play. With our fine boys returning and our policy of hustle, desire, and team play, I feel that Franklin will once again be considered the team to beat.

Hopefully,
Coach Brown

VARSITY BASKETBALL

THE COACH'S CORNER

For the second consecutive year the Franklin Quakers finished second behind the city champs—East.

The climax to an excellent, 12-5 season was brought about by a shocking loss to Corning East in the quarter finals at the Sectional V basketball tournament.

The fine play of Terry Jackson, who averaged 21 points a game, and Mel Marshall, who averaged 17 points a game plus 14 rebounds a game, kept the club near the top of the league. Other outstanding players who contributed to the team's fine success were Gil Robinson, Denton Lundy, Curt Brazil, John Blackwell, Art Henderson, Archie Mathis and Felton Coley.

The ineligibility of Mathis and an injury to Robinson late in the season caused the team to lose some of its poise and overall balance they had possessed midway through the season when they handed East its only loss by winning a 57-51 thriller at East High.

A little bit sad
about the place you are leaving,
a little bit glad
about the place you are going.
It is a time of quiet wonder
for wondering, for instance,
where do hummingbirds go
in a hurricane?

EDUCATION . . .
YOUR INVESTMENT
IN THE FUTURE

Getting an education is one of the most important projects you'll ever tackle. In fact, the education you obtain now will help you throughout your life, no matter what type of work you choose or wherever you go.

Today, your education doesn't need to end when you leave high school or college. There are lifelong opportunities to learn: on-the-job training, adult education classes at night school, and special training programs sponsored by industry are only a few of the many means by which you can continue to improve yourself.

So, the opportunities to learn are there. But, it's up to you to make the best of them. Your education holds the key to the years ahead, and whatever investment you make in education will probably pay off in a better job and a brighter future.

Epilogue

A sun sets
Alive with burning flames
Of red and gold
Fading quietly away
To greyish nothingness
Until the stars come out.

The walls cry out
This is the last time
Last time
The battered locker
Stripped to emptiness
Is filled
With
Laughing words
Precious smiles
Faces

A crumpled note
Clings to a corner
Reading
Meet me after school
The last time.

The sky flickers
With dancing silver stars
Sparkling diamonds on a velvet cloth
More magnificent
More lasting
Than a hundred setting suns.

Good-bye, Good-bye
To our flaming sun
Dear Benjamin Franklin . . .
Good-bye.

But this is not the end
For following the sun
Come the silver stars.
